

Join the new Highgate Area Community Forum

Highgate Newtown Community Partners and Camden Federation of Private Tenants have come together to set up a new Community Forum to bring local people together to make a real difference across the Highgate area.

It will be made up of a small group of people from all the different types of housing who want to help shape local services and activities. You'll work with partners like the police, schools, Camden Council and community groups to share ideas, identify local needs and plan solutions together.

Some of the topics we might explore include:

- **Loneliness** – what can we do to make sure no one feels left out or isolated?
- **Safety** – how can we make sure everyone feels safe at home and in our neighbourhoods?
- **Young people** – how can we make sure local young people have the facilities, support and opportunities they need?
- **Local services** – how can we make sure they are better publicised and accessible to all?
- **Funding** – what extra resources do we need to make good things happen locally?

How to get involved:

You don't need any special skills or qualifications, just an interest in helping make the Highgate area an even better place to live. Camden Council has provided a small amount of funding to help us get started - now we just need you!
